**NOTICE OF PROPOSED AWARD (NOPA)****PON-18-101****July 26, 2019**

On February 5, 2019, the California Energy Commission (Energy Commission) released a competitive solicitation to fund energy efficiency projects at K-12 schools throughout California, as authorized by SB110, using a portion of the unallocated funds from Proposition 39.

SB 110 directed the competitive program be developed in consideration of the size and regional location of the Local Educational Agency (LEA), the percentage of an LEA's students participating in the Free and Reduced Price Meal program (FRPM), and the potential energy saving of the proposed project. To ensure the student population was roughly equal, the state was divided into four regions (Central, North, Los Angeles County, and South) with approximately 1.55M students in each. LEAs were divided into three sizes; Size 1/Small - up to 1,000 students; Size 2/Medium - 1,001 to 2,000 students, and Size 3/Large – 2,001 and up. A weight of 50% of total score was applied to both FRPM rate and projected energy savings. A total of \$36M was available through this competitive solicitation, to allow for up to \$3M in each of the 12 regions and size categories

The Energy Commission received 21 proposals by the due date of May 31, 2019. Each proposal was screened, reviewed, evaluated, and scored using the criteria in the solicitation. Only 16 proposals passed the Stage One Application Screening as they did not submit a full and/or correct application. Due to funding limitations by size and region, only seven applications were selected for funding for a total of \$6,718,789.

The attached "Notice of Proposed Awards" identifies the applicants selected and recommended for funding by Energy Commission staff, by region and size, and includes the score and recommended funding amount.

Funding of the proposed projects resulting from this solicitation is contingent upon the approval of these projects at a publicly noticed Energy Commission Business Meeting and execution of a loan agreement. If the Energy Commission is unable to timely negotiate and execute an agreement with an Applicant, the Energy Commission, at its sole discretion, reserves the right to cancel or modify the pending award, and award the funds to other applicants. In addition, the Energy Commission reserves the right to negotiate with successful applicants to modify the level of funding.

This notice is being mailed to all parties who submitted an application to this solicitation and is also posted on the Energy Commission's website at: [www.energy.ca.gov/contracts/](http://www.energy.ca.gov/contracts/).

For information, please contact Phil Dyer (916) 654-4651 or [Phil.Dyer@energy.ca.gov](mailto:Phil.Dyer@energy.ca.gov).

Region	Category	Rank Number	Project Applicant	Title	Energy Commission Funds Requested	Energy Commission Funds Recommended	Score	Award Status
<b>Proposed Awards</b>								
North	1	1	South Humboldt Unified School District	279 kWdc PV Array to Offset 100% of Electric Consumption at South Fork School	\$ 1,048,320	\$ 1,048,320	70.96%	Awardee
North	1	2	Cutten Elementary School District	52 kWdc Roof Mounted PV System	\$ 182,560	\$ 182,560	61.93%	Awardee
North	1	3	Mattole Unified School District	Roof Mounted PV Systems at Honeydew Elementary (4.8 kWdc) and Mattole School (8 kWdc)	\$ 44,800	\$ 44,800	30.26%	Awardee
North	3	1	Eureka City School	132 kWdc Roof Mounted PV at Eureka High Corp Yard and Lighting Upgrade	\$ 463,733	\$ 463,733	61.52%	Awardee
Central	3	1	Parlier Unified School District	LED Lighting Upgrade, HVAC units Replacement, and Solar PV installation	\$ 3,000,000	\$ 2,750,331	90.45%	Awardee
South	2	1	Classic Academy High School	154.22 kWdc Roof and Parking Structure Mounted PV System	\$ 585,565	\$ 585,565	44.19%	Awardee
South	3	1	Palm Springs Joint Unified School District	498 kWdc Solar PV at Two Sites	\$ 1,790,170	\$ 1,643,480	87.98%	Awardee
<b>Total Funding Recommended</b>					<b>\$7,115,148</b>	<b>\$6,718,789</b>
